

CUSTOMER RESPONSIBILITIES AND CHECKLIST

WHEN SUBMITTING COINS:

- Place raw coins up to 40.6 mm diameter in 2.5" x 2.5" non-PVC plastic flips. Use larger flips for larger coins. Coins should insert easily into a flip. Placing a coin in a flip that is too small may result in damage to the coin. Remove all plastic sleeves or any other packaging before placing a coin in a flip.
- Place only one coin in a flip and fold the other half of the flip over.
Do not cut, tape, staple or glue flips as they can damage the coins.
- Coins may be submitted in plastic capsules instead of flips. Do not place a capsule in a flip.
- NCS conservation is optional. **If NCS conservation is desired, choose only ONE NCS conservation tier.**
- Verify that your coins meet the value and type requirements for the selected tier. Any discrepancies may result in the delay of your submission. If coins are submitted for tiers or services for which they do not qualify, NGC will correct the order and charge any additional conservation, grading or services fees that may apply.
- Do not mix raw and holdered coins on one submission form.**
- Oversized coins (larger than 45 mm in diameter or 9 mm in thickness), GSA hard case, GSA soft pack and holdered coins must be on separate submission forms. **Do not mix these on a submission form with other coins.**
- Package your coins in the order that they are listed on the submission form. Write the submission / invoice number (located in red in the upper right hand corner of the form) and the line number for each coin (e.g. 5591421-001 for the first coin, 5591421-002 for the second coin, etc.) on a small label and insert it into the flip opposite the coin with the label facing out. Collect your coins in the same order and secure them carefully with a rubber band.
- For non-bulk submissions, the maximum number of coins per submission form is 50. Use multiple submission forms as needed. For bulk submissions, the minimum number of coins per submission form is 100.
- If you have an NGC member credit, it will be automatically applied to your submission fees. **You must still provide a method of payment** to be used for any amount due above the member credit.
- You may send coins in capsules or mint packaging. If selected, Mint packaging will be returned for \$5 plus shipping. See last page for exclusions.
- ReGrade: If you believe that the grade of an NGC-certified coin should be higher, you may submit the coin under the ReGrade service to be reviewed for a higher grade. The coin must still be sealed in its NGC holder. Coins are graded according to NGC's grading standards, and a higher grade is not guaranteed. However, the original NGC grade at the time of submission is covered by the NGC Guarantee. Choose a grading tier according to the coin's value and desired turnaround time. The grading fee still applies even if a higher grade is not

received. Coins submitted for ReGrade will be removed from their NGC holder by NGC staff and encapsulated with a new NGC holder, label and certification number even if the grade doesn't change.

- CrossOver: Review of PCGS-holdered coins for NGC certification. Coins will be removed from their holders and encapsulated by NGC only if NGC determines that the coins will receive an NGC grade that is the same grade or higher than the grade assigned by PCGS. If you would like your PCGS-holdered coin certified by NGC even if NGC determines that it will receive a lower numeric grade, specify ANY in the CrossOver Minimum Grade column of the NGC Submission Form. If you would like your PCGS-holdered coin certified by NGC even if NGC determines that it will receive an NGC Details grade (or a lower numeric grade), specify DETAILS in the CrossOver Minimum Grade column of the NGC Submission Form. You may not request a minimum grade that is higher than the grade that is on the PCGS holder. Coins holdered by other grading services are not eligible for CrossOver and must be removed from their holders and submitted raw (not holdered), or they may be submitted in their holders if they are accompanied by NGC's Consent to Remove Coin(s) from Holder(s) Form.
- Minimum grade is not required. In most cases, it applies to CrossOver submissions only. Specifying a minimum grade may prevent your coins from being encapsulated.
- Sign the Consent to Remove Coins (on the back of this cover sheet) if applicable, and include with submission.**
- Sign and return all required forms with submission.
- In most cases you cannot reroute your submission once it has shipped. This restriction helps protect the security of your submission / package.
- Fragile Coins Note**
Certain collectibles may be more susceptible to damage due to the state in which they are provided by the submitter to NGC (for example, collectibles that are enameled, colored, painted, jeweled, or have holograms or other specialty applications; collectibles that are extremely thin; collectibles that are extremely fragile or brittle (including many collectibles struck prior to 1700); and collectibles that exhibit "bronze disease"). NGC will use reasonable care with respect to collectibles submitted to it for services. However, NGC will only be responsible for damage or loss to a collectible in the event NGC determines that such damage or loss was due to NGC's negligence while the collectible was in its possession, in which case the submitter's sole remedy will be compensation based upon NGC's good faith determination of the fair market value of the collectible, in light of what NGC believes to be reliable current market information. The amount of the compensation will not necessarily be based upon, but in no event will exceed, the submitter's stated declared value of the collectible set forth in this submission form.

Turnaround times are estimates and are NOT guaranteed.

IMPORTANT: If paying by check, make check **payable to NGC** and indicate check number in the appropriate area.

If paying by wire transfer, indicate that in the appropriate area. If paying by credit card, include credit card information and sign on the appropriate line.

Note: Boxes 13 (if applicable) and 14 must be signed in order to process your order.
Incomplete forms will result in a delay in processing.

CONSENT TO REMOVE COIN(S) FROM HOLDER(S)

***To be completed only if submitted coin(s) were previously graded and encapsulated
by a third-party grading service other than NGC, NCS or PCGS.***

I have submitted one or more coins to Numismatic Guaranty Company (NGC) currently encapsulated in holders other than NGC, NCS or PCGS holders. I understand that the submitted coin(s) are NOT eligible for NGC's CrossOver service. Nonetheless, I am submitting the coin(s) to NGC for grading and agree as follows:

1. I consent to NGC removing the submitted coin(s) from their holder(s) for purposes of authenticating and grading the coin(s) in raw state. I understand that this removal will likely void any guarantee that may have been provided by the service that encapsulated the coin(s).
2. I understand that NGC's determination of grade, authenticity and coin attribution may differ from the other service's determination.
3. I understand that if the submitted coin(s) are determined by NGC to be genuine and gradable, then NGC will grade and encapsulate the coin(s), even if the result is materially different (including a lower grade being assigned) from the certification previously issued by the other service.
4. I understand that if the submitted coin(s) are determined by NGC to be Not Genuine, Questionable Authenticity or otherwise ungradable, the coin(s) will be labeled as such and will not be graded or encapsulated by NGC.
5. I understand that NGC will use reasonable care in removing the coin(s) from the holder(s), but agree that NGC will not have any liability for damage to the coin(s) in connection with this removal.
6. I understand that the current Services Terms and Conditions (NGCcoin.com/terms) apply to this coin submission as well. If there is a conflict between this Consent and the Services Terms and Conditions, then this Consent will control.

For current estimated turnaround times, visit [NGCcoin.com/submit/services-fees/ngc](https://www.ngccoin.com/submit/services-fees/ngc). Turnaround times are estimates and are NOT guaranteed. Occasionally there may be a delay on world coins as extra research is required on more esoteric items.

For each coin, a complete description including denomination, year (or date range), geographic location and ruler name should be provided, as applicable. A Spink number should be provided for coins of England, Ireland, Scotland and Continental imitations. An appropriate catalog number should be provided for patterns, tokens and medals. **If complete information is not provided, an attribution fee of \$5 per collectible will be applied to the entire submission form.**

NCS CONSERVATION SERVICES	REQUIREMENTS (Maximum values are per coin)
NCS Standard Conservation	All coins. 4% Fair Market Value (FMV) (\$25 minimum fee). Also select an applicable NGC grading tier. NGC grading fees additional. If NCS believes that conservation will not benefit a coin submitted under the NCS Standard Conservation tier, it will be transferred to NGC for grading and a \$5 per coin NCS evaluation fee will apply.
NCS Gold	All uncertified gold coins, both vintage and modern, except coins requiring an NGC Oversize Holder (over 45 mm). NGC grading fees additional. Maximum value \$3,000. If NCS believes that conservation will not benefit a coin submitted under the NCS Gold tier, it will be transferred to NGC for grading and a \$5 per coin NCS evaluation fee will apply.
NCS Modern	All uncertified US or world coins struck 1965 to present, or uncertified US or world tokens and medals struck 1990 to present, both private and official, except coins, tokens and medals that require an NGC Oversize Holder (over 45 mm). NGC grading fees additional. Maximum value \$3,000. If NCS believes that conservation will not benefit a coin submitted under the NCS Modern tier, it will be transferred to NGC for grading and a \$5 per coin NCS evaluation fee will apply.
NCS WalkThrough	All coins. Reduces NCS turnaround time. \$100 per coin in addition to NCS Conservation tier selected.
NCS Expedite	All coins. Reduces NCS turnaround time. \$50 per coin in addition to NCS Conservation tier selected.

NGC GRADING TIERS	REQUIREMENTS (Maximum values are per coin)
Unlimited WalkThrough	All US or world coins. Unlimited value. Includes Scratch-Resistant Holder; Standard holder only.
WalkThrough	All US or world coins. Maximum value \$25,000. Includes Scratch-Resistant Holder; Standard holder only.
Express	All US or world coins. Maximum value \$10,000.
Standard	All US or world coins. Maximum value \$3,000.
Gold	All gold coins. Maximum value \$3,000.
Economy	All dates non-gold US (except US Colonials) or world coins, or US or world tokens and medals struck before 1990, both private and official. Maximum value \$300.
Modern	All US or world coins struck 1965 to present (except patterns, die trials, etc.), or US or world tokens and medals struck 1990 to present, both private and official. Maximum value \$3,000.
NGC SERVICES	REQUIREMENTS
Early Releases® / First Releases®	Use this service to receive either the EARLY RELEASES or FIRST RELEASES designation for qualifying coins. Select only one. Visit NGCcoin.com/cutoffdates for a list of eligible coins and submission cutoff dates.
Special Label	Use this service to request a special NGC label. For a list of special NGC labels, visit NGCcoin.com/labels . Note: If you would like to have different special labels for the coins listed on the form, write "MIXED" on the Special Label line in Section 7 and list the desired Special Label Name and # on each line next to the coin in Section 11.
VarietyPlus®	Upon request, NGC examines coins for recognized varieties and assigns an appropriate attribution. Also choose a grading tier according to coin value and desired turnaround. If you would like a coin already graded by NGC to be reviewed for a variety, do not select a grading tier. See NGCcoin.com/varietyplus for a complete list of varieties we recognize. The VarietyPlus fee applies when requested regardless of whether NGC determines the coin to be a recognized variety.
Mint Error	NGC examines mint errors and assigns an appropriate description. Also choose a grading tier according to coin value and desired turnaround. The Mint Error fee applies when requested regardless of whether NGC determines the coin to be a recognized mint error.
NGC Oversize Holder®	Coins over 45 mm in diameter or 9 mm in thickness are placed in an NGC Oversize Holder. Must be submitted on a separate submission form. There are two NGC Oversize Holder sizes available: medium (MSCH) and large (OSCH). By default, NGC will choose the NGC Oversize Holder size that it determines to be best for your coin or medal. See NGCcoin.com/submit/services-fees/ngc for details.
NGC Thick Holder	High relief coins that do not fit in NGC's standard holder will be placed in an NGC Thick Holder. There are two Thick Holder sizes: one for coins up to 7 mm in thickness and one for coins up to 9 mm in thickness. The default is the 7 mm holder.
NGC Mega Holder®	Coins as large as 180 mm in diameter and 28 mm in thickness are placed in the NGC Mega Holder. Contact Customer Service for eligibility. Must be submitted on a separate submission form.
Pedigree	A pedigree can be added to the certification label to indicate a coin's past or present ownership. NGC must receive sufficient evidence to confirm the requested pedigree. Examples of evidence include photographic records from an auction catalog or a sealed flip/holder from the original collection or auction house. Recognition of pedigrees is at NGC's sole discretion; the Pedigree fee applies when requested regardless of whether NGC determines the coin to have a recognized pedigree. To add a pedigree to a coin already encapsulated in an NGC holder, also select an applicable NGC ReHolder service. See NGCcoin.com/Pedigrees for complete information.
ReGrade	See requirements on the cover sheet or NGCcoin.com/services
CrossOver	See requirements on the cover sheet or NGCcoin.com/services
Tokens / Medals	All US or world tokens and medals struck 1990 to present, both private and official, can be submitted under the Modern tier or higher. US or world tokens struck before 1990, both private and official, must go under the Economy tier or higher. Esoteric pieces, particularly those submitted without documentation, may not be encapsulated and instead returned as Ineligible Type. See NGCcoin.com/news/article/2550 for the complete list of accepted US and world types.
GSA	Select this service for coins in General Services Administration (GSA) hard and soft plastic holders.
ReHolder	A coin in an NGC holder can be submitted for placement in a new holder. Select High Value ReHolder or High Value Oversize ReHolder (coins over 45 mm) for coins valued over \$10,000. Also select "Special Label" in Box 7 to change to a specialty label. Thick Holders should be submitted for ReHolder under the standard ReHolder and High Value ReHolder tiers. Select Mega ReHolder for coins encapsulated in the NGC Mega Holder. Upgrade to Scratch-Resistant Holder (Standard holder only) in Box 8.
Appearance Review	A service for review of an NGC-certified coin you believe is over graded.
Return Mint Packaging	Examples: capsules, Certificate of Authenticity, auction tags and Mint boxes. (If sending Mint COA or auction tag for verification purposes, please send a copy. Do not send original.) If capsules are cracked during coin removal, they will not be returned. Does not include shipping, if required.
Imaging Services	Digital imaging for coins submitted under any of NGC's grading and service tiers. Consists of accurate high-resolution images of the obverse and reverse of the coin, shown encapsulated in its NGC holder. Sent to you by email. Not available for on-site services.
NGC PhotoVision Plus	High-resolution JPG images of the obverse and reverse and a side-by-side JPG with the NGC logo and NGC submission number. Sent to you by email. Not available for on-site services.

CREDIT CARD APPROVAL AND RELEASE

I, the submitter named on the front of this submission form, authorize Numismatic Guaranty Company (NGC) to charge the card account I provide for the amount on section 12, line #7 TOTAL NOW DUE on the front of this Submission Form upon receipt of my request for grading services. I acknowledge that by completing and signing this Submission Form, I agree to pay NGC the full amount of the requested grading fees and, if applicable, conservation and services fees on the card number I provide regardless of the final grading opinion provided. I understand that if I disregard this provision, I shall be subject to immediate discharge from Collector or Authorized Dealer Membership and loss of all rights and entitlements therein. I also agree that if a dispute arises in regard to the fees charged, I must give written notice of such dispute to NGC within 14 days of receipt of said graded items. With notification by email, fax or phone call, I understand that NGC reserves the right to post additional charges to my credit card account if extra or different services are required to fulfill requested services.
